

# Why Recall John Hambrick?

A PROMISE BROKEN IS A TRUST BETRAYED

- ✓ Candidate John Hambrick promised not to raise our taxes. Now, he supports the governor's \$1.2 BILLION proposed tax increases for our families and businesses.
- ✓ John Hambrick, as Assembly Speaker Designate, purged fiscally responsible Assemblypersons who vocally oppose tax increases from the Taxation Committee to make bills raising taxes easier to enact.
- ✓ John Hambrick betrayed the Public Trust by making false promises and commitments to get elected.
- ✓ When John Hambrick stopped listening to us, his constituents, he began ruling, not governing.

Not only is his word worthless, so is his signature. What's left?
