“The 3rd Congressional District seat is a major target of Democrats, who hope to reclaim it in the November election.”

FROM THE DESK OF PAUL RYAN

June 18, 2014

Dear [REDACTED]

We are at a turning point in America.

Government-run healthcare, failed stimulus programs, tax hikes and increased spending are pushing this country in the wrong direction. The result of this election is absolutely crucial to the future of our children and our grandchildren.

[REDACTED], I'm writing you because there is a race right here in Nevada that needs more attention. Congressman Joe Heck is being targeted by the National Democratic Machine and all its force.

His seat may be the difference between a Republican Majority in the House, or a return to a Speaker Nancy Pelosi and her rubber stamp for the extreme liberal Obama agenda.

As you know, Joe Heck is a respected doctor, businessman and Colonel in the United States Army Reserve – a proven leader who commands respect.

He's been a steadfast supporter of a leaner, more efficient federal government. He's repeatedly voted to repeal ObamaCare and authored legislation to replace it with free-market, patient-centered reforms that empower people over bureaucracy. And he's a friend to small business.

[REDACTED], will you consider helping Joe again by making a sustaining contribution of \$375 or \$250 to his campaign today?

By supporting Joe again today, you will be part of one of the most important races in the entire country.

As a Republican representing Nevada's 3rd District, Joe is in the prickly position of being a conservative voice in Harry Reid's home state. Worse, Nancy Pelosi handpicked his opponent and she is running a campaign straight out of the National Democrat Playbook.

Joe's seat is a top target for Obama, Reid and Pelosi...and his opponent has a bottomless campaign coffer.

[REDACTED], we have a very important fundraising deadline approaching June 30th, and I'm urgently asking for your continued financial support today to help Joe fight back.

After more than 30 years in public service, Joe went to work in Washington representing Nevada families. He now serves on three key Congressional Committees.

Since the day he took office, I've been able to count on Joe as a leader in the struggle to revive our economy. He has been an invaluable help to me as he's led the way, helping to pass more than 150 different bills designed to spur investment and create jobs.

As a former physician, Joe has also been leading the fight against ObamaCare. In addition to proposing meaningful healthcare solutions that would actually lower the cost of care, he has introduced laws to extend mortgage debt tax relief. He even proposed cuts of almost 20% in his own office's budget, leading by example.

Now that is the kind of leadership Nevada and America need.

But those *facts* won't stop the Democrats' campaign machine.

In fact, liberal Super PACs have already listed Joe as a "Top 10" target. The Democrats need his seat and will spare no expense in their effort to take it.

The liberal campaign machine is dumping money into Nevada; Nancy Pelosi is handpicking candidates; and Harry Reid is supervising it all in his own backyard – *Obama's strategy is being executed perfectly at Joe Heck's expense.*

I need Joe's leadership in Washington. Not only is he important as an outspoken conservative voice, but his office is also a key piece of the Republican majority in the House of Representatives.

With the June 30th fundraising deadline fast approaching, I'm calling on you to support Joe Heck today. By doing so, you're standing with me and other conservative leaders fighting for American families.

Thank you for your continued support,

Paul Ryan

P.S. The Democrats' campaign machine is focused squarely on Nevada. Harry Reid would like nothing more than another Obama rubber stamp from his home state. Joe needs your urgent help today, before June 30th, in the fight against the Obama-Reid-Pelosi liberal agenda. *Thank you in advance for your generous support.*
